credits!

IIT Madras - CSIE
(Center for Social Innovation & Entrepreneurship)

"A very well designed course with a balance of field visits, interaction with entrepreneurs and theoretical sessions to give a holistic view on social entrepreneurship. The diversity of sectors and domains was amazing. 17 entrepreneurs interacted with us in these 12 days. The speakers were all passionate and committed to their cause and were very inspiring"
- Ved Prakash Sharma, aspiring Social Entrepreneur

"Wonderful and unique experience. I would have never learned so much about the country as I have learned from the course"
- Eliane Hartard, RWTH Aachen University, Germany

About the programme

Centre for Social Innovation & Entrepreneurship launches two-week Winter School on Social Entrepreneurship, which provides classroom knowledge, immersive / experiential learning, self-study and peer learning opportunities to student-participants, with varied academic backgrounds, about Social Entrepreneurship and its related ecosystem, with specific interest and focus upon the geo-cultural and socio-economic context of Asia.
